Internal Assessment/Evaluation

The internal evaluation in each paper is based on the following:

(a) Sessional Examination I

(b) Home Assignment, Seminars, Field reports, Group Discussion or related work depending on the decision of the teacher/college concerned. Each sessional examination is of one hour duration. The setting of question papers, invigilation duty and evaluation of answer scripts for each paper is done by the concerned teachers. There is no provision for re-appearing or repeat/ betterment in the sessional examination. If a student misses the examination for valid reasons (as evidenced by medical certificate or other authentic documents) then the concerned teacher may allow the students a separate examination using the teacher's own discretion.

Mechanism of addressing grievance:

Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient. Redressal of grievances at institute level. If students are facing any problems, they are solved by the examination branch. The grievances during the conduction of examination are considered and discussed in consultation with the Principal and if necessary forwarded to the university by examination section.
