

# EMPLOYER FEEDBACK

2020-21

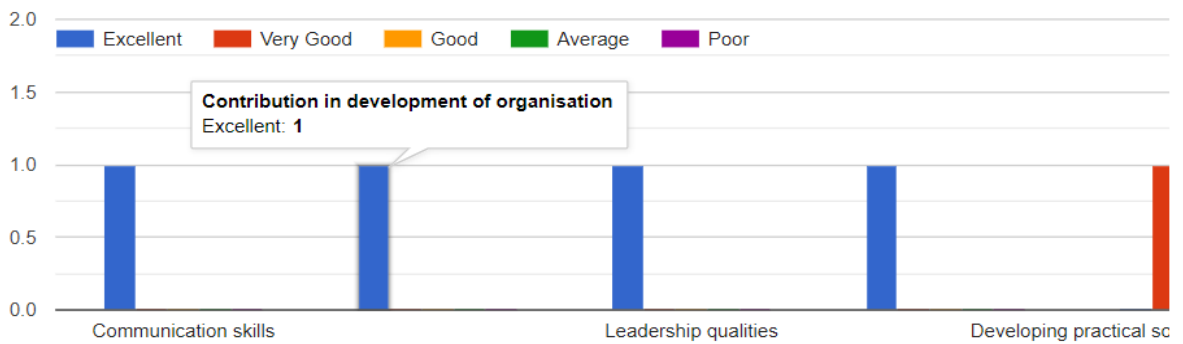

Sipajhar College: Darrang

A survey was conducted to measure the employer level of satisfaction during the academic session 2020-2021 on their experience with Sipajhar College covering the areas such as Communication skills, Contribution in development of organisation, Leadership qualities, Initiative, drive and independent thinking, Developing practical solutions to workplace problems and Teamwork. The survey was conducted between 1st July 2020 and 30th June 2021 through online feedback. An online questionnaire was provided to employer containing 2 objective questions and final question asking their suggestions and observations. The findings of the survey is presented below through graphic representation.

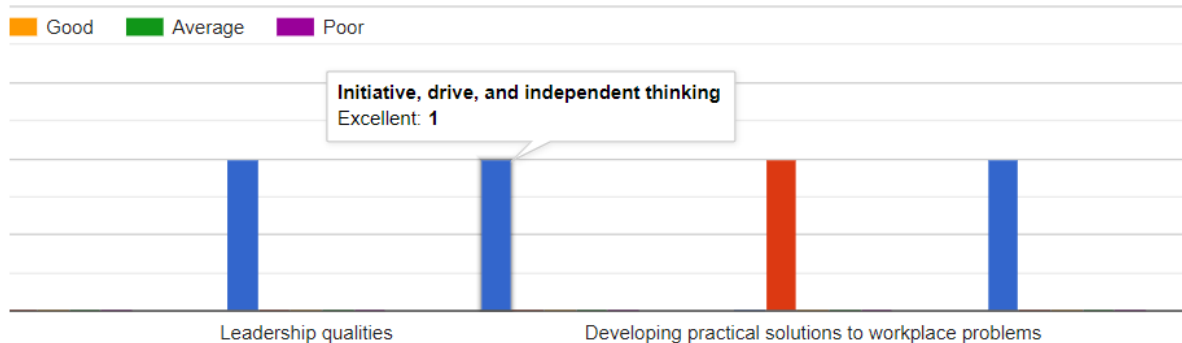

How satisfied are you with the student's work performance in each of these areas (Please mark the candidate as 'Excellent', 'Very Good', 'Good', 'Average', or 'Poor')

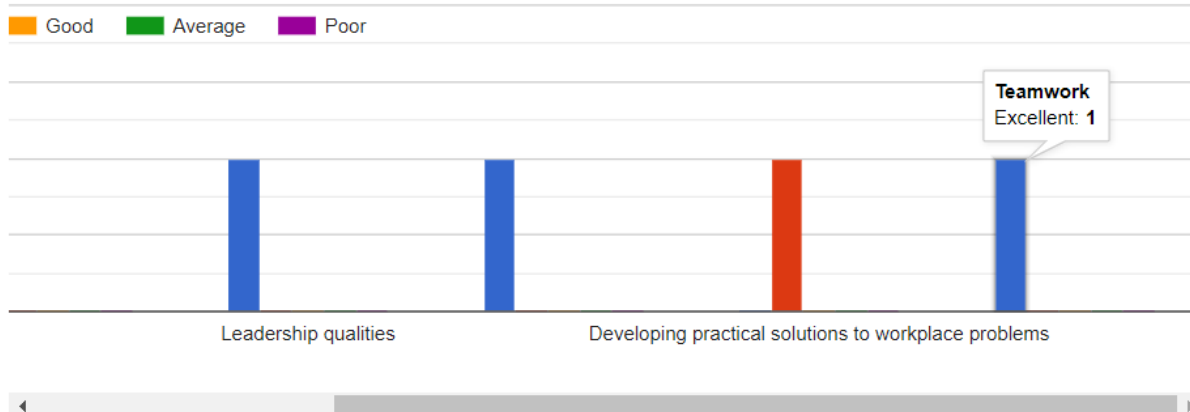

How satisfied are you with the student's work performance in each of these areas (Please mark the candidate as 'Excellent', 'Very Good', 'Good', 'Average', or 'Poor')

How satisfied are you with the student's work performance in each of these areas (Please mark the candidate as 'Excellent', 'Very Good', 'Good', 'Average', or 'Poor')

How satisfied are you with the student's work performance in each of these areas (Please mark the candidate as 'Excellent', 'Very Good', 'Good', 'Average', or 'Poor')

**Are there any specific comments that you would like to make regarding the academic training, syllabus, practical exposure, and hands-on experience of the Sipajhar College students?**

**Academic training:** It should be arranged in two stages 1. when the students are enrolled in the college and 2. After completion of the program.

**Syllabus:** Syllabus should be made in such a way that it gives students the chance to do extensive practice in the form of various problem sets, homework and subject oriented assignments.

**Practical exposure:** Teachers of the college should give special interest on Practical exposure so that the students can test their skills and help them to identify their weak points and can work more in details in a particular field.

**Hands-on experience:**

The faculty members should take special care regarding hands-on experience so that it benefits the students far beyond classroom. Because the employer always wishes to hire someone who already knows how to retain information, develop solutions to problems quickly and show creative thinking to improve their works.

**Any other comments or suggestions?**

Teachers should be more student friendly.
