As the Principal of Sipajhar College, I feel happy to welcome you all to this vibrant higher educational institution. Sipajhar College is one of the prestigious institutions of the district located in Sipajhar, the cultural capital of Darrang. Established in 1971, our institution has proudly crossed its golden jubilee – 50 years of excellence in education and character building. We are honoured to mention here that Sipajhar College was the first higher educational institution in the entire district to earn an esteemed NAAC accreditation with B++ grade in 2023 in its 3rd cycle of assessment and accreditation – a testament to our commitment to quality. Over these decades, Sipajhar College has nurtured countless students across two vivid streams: Arts and Science in UG level alongside PG courses in Assamese and English subjects. As we step into this new session, we are thrilled to introduce a cutting-edge Integrated Teacher Training Course (ITEP) with dual BA/BEd degree course under Gauhati University approved by NCTE, paving new paths for career growth.

We are also embracing the transformative power of the National Education Policy-2020. This policy is designed to broaden horizons with multidisciplinary learning, skill-based education, employability opportunity and enhanced flexibility. At Sipajhar College, we are integrating NEP-2020 into our curriculum to ensure students develop not just academic prowess but also critical thinking, creativity, and a global outlook- expanding their opportunities in a dynamic world. Furthermore, to provide maximum exposure to our students the college family endeavoured to promote both national and international seminars, workshops, lecture programmes inviting national and international scholarly figures from different fields, exposure visits etc. The college authority is trying hard to provide continuously modern facilities to our students through one of the finest Central Library in the district along with departmental libraries, digital conference hall, smart classrooms, indoor stadium, up-to-date laboratories, etc.

Our students thrive not just academically but also through a rich array of co-curricular opportunities. We have dynamic societies- like “Uddipana”, society for child education where students voluntarily learn to engage in nation building process; “Cultural Society” to cater the needs of rich cultural heritage; “Literary Society” to enrich the literary base of the students and “Competitive Society” to nurture and boost up the career aspirations of young and energetic minds. For our dedicated faculties, we have one “Research Society” to foster innovation as well as to create an environment for inquisitive mind of research in the region. Alongside, we offer Computer Courses and various add-on programmes, ensuring that our students stay ahead in a rapidly evolving world.

We take immense pride in our energetic and knowledgeable faculty members, who are dedicated to student success in all discipline.
